

A Little Hope

Verse:

When I look around this room
I see fighters everywhere
Their eyes light up the atmosphere
Through their laughs and
Through their smiles
They show us anything is possible
When you believe

Chorus:

Giving us a little hope tonight
Showing everythin's gon be alright
Keep pulling through
Your future is so bright (x2)

Verse:

Take the world in your hand
Be the best and brightest that you can
Everyone deserves a fighting chance
You've got strength and you've got might
So spread your wings and then take flight
Be the angels that you are

Chorus:

Giving us a little hope tonight
Showing everythin's gon be alright
Keep pulling through
Your future is so bright (x2)

Bridge:

If you need a hand, I am here
We can sing some songs
Filled with joy and cheer (x2)

Chorus:

Giving us a little hope tonight
Showing everythin's gon be alright
Keep pulling through
Your future is so bright (x4)
Your future is so bright.....
