

## Price for Eternity

Verse:

When I close my eyes  
All I ever see  
Is you walkin towards me  
But now that you're gone  
I wrote you this song  
To carry you on

Chorus:

Remember the times  
When we used to laugh  
Oh how time used to pass  
Now I feel like a lonely sea  
No one comes to rescue me (x2)  
The price I pay for eternity

Verse:

Life is a highway  
Is what I heard them say  
But now you left the road  
And I'm going my own way  
Without you I feel lost  
I'm the one payin the cost  
I'm rewinding to the days  
When everything was the same

Chorus:

Remember the times  
When we used to laugh  
Oh how time used to pass  
Now I feel like a lonely sea  
No one comes to rescue me (x2)  
The price I pay for eternity

Bridge:

People say let go of the past  
But how can I ever do that?  
Gotta hold on to what I still have (x2)

Chorus:

Remember the times  
When we used to laugh  
Oh how time used to pass  
Now I feel like a lonely sea  
No one comes to rescue me (x2)  
The price I pay for eternity
