

Senorita

Verse:

Turn the lights down low
I wanna hear the music flow
Feel the rhythm and just lose control
When this ends nobody knows
Take my hand, don't let it go
Until the stars burn out
Until the morning glow

Chorus:

Drive me so crazy seniorita
Make me want to come and meet ya
Let the music take you over
Burn the dance floor with that salsa (x2)
[All night long (second time)]

Verse:

Everything's goin so fast tonight
It feels like Cinco de Mayo all the time {with you (x3)}
I'll keep up, don't slow down
It's always a party when you're (around x5)

Chorus:

Drive me so crazy seniorita
Make me want to come and meet ya
Let the music take you over
Burn the dance floor with that salsa (x2)
[All night long(second time)]

Bridge:

My mind has been taken over
You are my hypnotizer
Just keep on coming closer (x2) (echo)

Chorus:

Drive me so crazy seniorita
Make me want to come and meet ya
Let the music take you over
Burn the dance floor with that salsa (x4)
All night long (Last time)
